

## Press Release

April 10th, 2025  
Seafood Legacy Co., Ltd.  
Nikkei ESG

### **The Sustainable Seafood Summit will be held in Osaka, Japan! “Navigating the Future of a Sustainable Seafood Industry Through Global Collaboration”**

Seafood Legacy Co., Ltd. (hereinafter: Seafood Legacy) and Nikkei ESG will host one of Asia's largest sustainable seafood events, The Sustainable Seafood Summit (TSSS) 2025 where key stakeholders from Japan and abroad share the latest information to achieve the sustainable seafood industry objectives. (Co-host: David and The Lucile Packard Foundation, and Walton Family Foundation)

The TSSS started in Japan and is one of Asia's leading global flagship events, where diverse stakeholders gather to pursue sustainability in ocean food systems and to transform the seafood sector into a sustainable development and nature-positive industry.

In 2025, the “Tokyo Sustainable Seafood Summit” will be renamed “The Sustainable Seafood Summit” (abbreviated to TSSS nevertheless) as part of our efforts to expand the sustainable seafood movement globally.

How can we build a sustainable growth model and make sustainable seafood the mainstream while we work on eliminating illegal, unreported and unregulated (IUU) fishing, addressing human rights issues and climate change, and domestically revitalizing rural areas?

Join us at the rebranded TSSS, where experts and changemakers from around the world will

gather to share cutting-edge insights and shape the future of the seafood industry.
